**IDS**

Dear Sir

I haven't filed an IDS before for this application because this is a CIP of 10/328,088, which was also examined by you, and therefore you are obviously aware of all the references of the IDSs that were submitted for 10/328,088 and therefore they should also be automatically considered also for this application. I am only adding one more reference now in the attached additional IDS form – US patent application 20030043194 by Lif (filed August 28, 2001 and published March 6, 2003), which should be considered regarding new independent claim 21 (However claim 21 is sufficiently different from what is described in this reference so as far as I understand there should be no problem. I also made a small amendment in this claim 2 days ago to make it even more clear). (This reference is not relevant to 10/328,088 since the features about dealing with images which were in 10/328,088 were already included in PCT/IL 01/00572 of June 24, 2001 of which it is a CIP, which is before the Lif patent was filed). Since this independent claim has not been examined yet and due to being the CIP of 10/328,088 as explained above, I hope that I don't have to pay the \$180 fee for late filing of the IDS, but if I need to or if you want me to resubmit again also the same documents that were submitted with the IDSs of 10/328,088 then please let me know. However, to be on the safe side I am also attaching now again at least the IDS forms that were submitted for 10/328,088.

Respectfully,

Yaron Mayer
